

Summary of changes to Great British Insulation Scheme Supplier Data Dictionary v1.1

Publication date: 17/11/2023

This document outlines the amendments that we have made to the Great British Insulation Scheme Supplier Data Dictionary.

Date of update	Version
17/11/2023	V1.1
22/08/2023	V1.0

Version 1.1 updated on 17/11/2023

- Updated links to guidance documents on page 3 from draft guidance to final guidance.
- Added 'N.N' and NN.N' as valid inputs in 'Starting SAP Rating' (field 13) to allow 1 decimal point.
- Updated valid formatting in 'Date of Householder Eligibility' (field 31) from 'DD/MM/YY' to 'DD/MM/YYYY'.
- Removed 'N/A' as a valid input in 'Installer Name' (field 34).
- Clarified that 'TrustMark Business Licence Number' (field 36) can be a number with up to 12 digits, not 12 digits exactly.
- Updated references to the supplier evidence eligibility route in fields 21, 29, 30 and 31 to match the exact name of the valid input: 'LI – Supplier Evidence'.
- Removed mentions of 'draft' guidance in 'Heating Source' (field 33). The table references are unchanged between draft and final guidance.
- Changed wording slightly in the accepted format column for 'TrustMark Unique Measure Reference' (field 37) to be consistent with similar fields.
- Corrected typos.
