

Renewables Obligation Certificate (ROC) Issue Schedule 2024/2025

Note: If an operator has problems submitting this data to Ofgem, within the timeframes below, we should be notified **before** the relevant date in Column A. If data for Renewables Obligation Certificates (ROCs) is submitted to Ofgem after the date shown in Column A it will be suspended and Ofgem will look to generators to provide reasons as to why the data was submitted late. In these cases, it is unlikely that ROCs will be issued by the date shown in column B.

Month and year of generation	A/ Date by which ROC output data must be received	B/ Date by which Ofgem intends to issue ROCs
April 2024	30 June 2024	22 July 2024
May 2024	31 July 2024	21 August 2024

October 2024	31 December 2024	15 January 2025
November 2024	31 January 2025	17 February 2025
December 2024	28 February 2025	17 March 2025
January 2025	31 March 2025	15 April 2025
February 2025	30 April 2025	15 May 2025
March 2025 *	31 May 2025	16 June 2025

* Operators of micro-generating stations i.e. with a **declared net capacity of 50 kW or less** (or their agents) that have notified Ofgem that they want ROCs to be issued on an annual basis, must provide data for output and input electricity for the period, 01 April 2024 - 31 March 2025 by 31 May 2025 at the latest. Our generator and agent guidance documents, available on our website, provide further information on this. For individual micro-generating stations in NI we have [a step by step guide to submitting data](#) which will help you with this process.

In the majority of cases, the data should be submitted via the Renewables and CHP Register. In the event of a problem with the Register, information should be emailed to our dedicated email account: renewable.outputdata@ofgem.gov.uk. If you need to speak to a member of the Renewables team directly, please call our dedicated helpline on **020 7901 7310**.
