

### To: All holders of an electricity supply licence

## Electricity Act 1989 Section 11A(1)(b)

### Modification of the standard conditions of all electricity supply licences

- 1. Each of the licensees to whom this document is addressed has an electricity supply licence which has been granted or treated as granted under 6(1)(d) of the Electricity Act 1989 (the Act).
- 2. Under section 11A (2) of the Act the Gas and Electricity Markets Authority ('the Authority')¹ gave notice on 13 June 2024 ('the Notice') that we propose to make the following modifications to Standard Licence Conditions (SLCs):
  - Changes to definitions in SLC 1.3
  - Consequential modification of 20.5A

The SLC changes are set in Schedule 1.

We stated that any representations to the modification proposal must be made on or before 27 June 2024.

- 3. A copy of the Notice was sent to the Secretary of State in accordance with section 11A (4)(b) of the Act, and we have not received a direction that the change should not be made.
- 4. We received 6 responses to the Notice, which we carefully considered. We have placed all non-confidential responses on our website. Our response to these comments is set out in the accompanying decision document.
- 5. We are making these licence changes as they are consequential changes needed to implement and achieve the policy intent of <u>our new and updated rules for non-domestic energy suppliers</u>. We are implementing technical Standard Licence Condition changes, including the narrowing of defined 'Third Party' and 'Third Party Costs' which are both held within SLC 1.3, and due to these changes, we will modify the wording of SLC 20.5A.
- 6. The effect of these modifications will be limited, as they are small technical changes needed to achieve the policy intent of our non-domestic market review decisions. The updating of definitions and consequential SLC change are necessary but small changes which will have limited effect.
- 7. Where an application for permission to appeal, our decision is made to the Competition and Markets Authority (CMA) under section 11C of the Act, Rule 5.6 of

 $<sup>^{1}</sup>$  The terms "the Authority", "we" and "us" are used interchangeably in this document.

the Energy Licence Modification Appeals: Competition and Markets Authority Rules<sup>2</sup> requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-sensitive notice setting out the matters required in Rule 5.2. The attached Schedule 2 provides a list of the relevant licence holders in relation to this modification. Section 11A(10) of the Act sets out the meaning of 'relevant licence holder'.

Under the powers set out in section 11A(1)(b) of the Act, we hereby modify the standard licence conditions for all electricity supply licences in the manner specified in attached Schedule 1. This decision will take effect from 1 October 2024.

This document is notice of the reasons for the decision to modify the electricity supply licences as required by section 49A (2) of the Act.
