Wales & West Utilities (WWU) response Statutory Consultation on Gas Transporter traditional metering licence conditions

Thank you for the opportunity to respond to this consultation. WWU is a gas transporter serving 2.5 million supply points in Wales and south-west England. This response is not confidential and may be published by Ofgem.

We have no further comments on the decision to move the termination date of Standard Special conditions D17, D17 (Provision and Return of Meters); D18, (Provision of Metering and Meter Reading Services) and Special Condition 9.10, (Restriction of prices in respect of Tariff Capped Metering Activities) until 31st December 2025.

We welcome Ofgem's decision to consult further regarding Standard Special Conditions D13, (Provision of Services for Specific Domestic Customer Groups); D14, (Arrangements for Access to Premises) and D16, (Reporting on Performance).

Yours sincerely,

Richard Pomroy
Regulation Manager
