

Making a positive difference  
for energy consumers

Date: 12 December 2024

Dear stakeholder,

Today we published a policy consultation on the process for Determination of Allowed Revenue ("cost control") as part of the second phase of our review of the regulatory arrangements for the Data Communication Company ('DCC Review'). Thank you for taking the time to consider the contents of this consultation.

We would like to take the opportunity to extend our invitation to a stakeholder meeting, which will take place virtually in the **morning of Tuesday, 21 January 2025**. The meeting is an opportunity for interested parties to explore our proposals in more detail with focus on our proposal to set up a new Customer Challenge Group. We will be looking for stakeholder views on how this group could be set up within the first half of 2025 and its proposed Terms of Reference for its membership, role and outputs.

The consultation opens today and will remain open until 6 February 2025.
