

npower matrix

Index No.	Document	Section	Section - ref	Section - full ref	Response/Issue	NGT response
2-G-NPow201	UNC: Gen Terms	B	1.5	1.5.2	Added new clause	Clarification to acknowledge that a Framework Agreement must be in force between the parties for Code provisions to apply
2-G-NPow202	UNC: Gen Terms	B	2.1	2.1.2 (c)	Added new clause	Clarifies that obligations that fall on "the Transporters" fall collectively, irrespective of whether discharged by one, more than one, or all.
2-G-NPow203	UNC: Gen Terms	B	2.2	2.2.2	Added new clause	Clarification as to interpretation of 'User' as a User 'of a System' ie a Shipper User bound by a Shippers Framework Agreement
2-G-NPow204	UNC: Gen Terms	B	2.2	2.2.5	Added new clause	DNOs may also be Users in certain circumstances; provision is made accordingly in relevant parts of the Code.
2-G-NPow205	UNC: Gen Terms	B	2.4	2.4.2	Delete "(except for paragraph 14.1 and 14.3)"	Paragraphs 5 (Notices of Communications) and 6 (General) may create contractual rights / liabilities between DNO Users inter se, between Shipper Users inter se, and between any Shipper User and any DNO User.
2-G-NPow206	UNC: Gen Terms	B	2.4	2.4.5	Delete "in relation to DNO Users"	Contemplates that circumstances or parties other than DNO Users may potentially be excluded from the substantive provisions of 2.4.5
2-G-NPow207	UNC: Gen Terms	B	3.1	3.1.3 (c)	Added "in relation to a Transporter, any User of that Transporter's System(s) or (in retain to such a User) and such person as is referred to in paragraph (b)"	Clarification regarding consequences of act or omission of a User for the purposes of the OAD ie not Force Majeure unless act or omission would have fallen with definition of Force Majeure in paragraph 3.1
2-G-NPow208	UNC: Gen Terms	B	5.1	5.1.6 (b)	Added "whose nature requires that they treated as received within the Day on which they are given (as specified in the Offtake Communications Document)"	Allows for (potentially inter alia) within-day OPNs to be validly received between 2400 and 0559 on a Gas Day.
2-G-NPow209	UNC: Gen Terms	B	5.1	5.1.6 (b)	Deleted "or in respect of which separate provision is made in Network Exit Provisions"	Reference should be to 5.2.1. Removes duplication, since the provision relating to "Ancillary Agreement" earlier in the same clause covers Network Entry Provisions.
2-G-NPow210	UNC: Gen Terms	B	6.5		Deleted clause B14.7.1 Added clause B 6.5.2	Clarification and rewording of exclusion of Contract (Rights of Third Parties)Act 1999 ie parties can rescind etc Code rights without consent of any party who is not a Party to the Code i.e. parties have the right to assign, novate etc their rights/obligations under the Code (or a Framework / Ancillary / Supplement Agreement) without the consent of non-parties.
2-G-NPow211	UNC: Gen Terms	C	2.4	2.4.1	Added "part of the Total" to "System"	Corrects typographical omission, thereby ensuring consistency with the rest of the clause.
2-G-NPow212	UNC: Gen Terms	C	2.6	2.6.6	Deleted "Transco NTS" Added "The Transporters"	Corrects typographical error: methodology is established by the Transporters. See TPD H including H1.8
2-G-NPow213	UNC: Gen Terms	C	2.8	2.8.7	Added "in the absence of" before "Condition [A11(18)] Disapproval"	Corrects typographical omission, thereby conveying the correct meaning of the clause.
2-G-NPow214	UNC: Gen Terms	C	2.9	2.9.4	Deleted "Special standard Condition determined by the Secretary of State pursuant to Section 8 of the Gas Act 1995, as from time to time modified in accordance with the act Added "Standard Special Condition"	Corrects typographical error (transposition of 'standard' and 'special') and removes redundancy.
2-G-NPow215	UNC: Gen Terms	C	2.9	2.9.9	Added new clause	Adds a definition of "served" in the context of an LDZ being served by an Offtake.
2-G-NPow216	UNC: Gen Terms	C	3.3	3.3.1 (b)	Added "or Inter System Offtake"	Recognises that connections between LDZs are relevant points for the purposes of establishing the CV of gas entering / leaving a system, and therefore adds "Inter-System Offtake" into the clause alongside "System Exit Point".
2-G-NPow217	UNC: Gen Terms	C	3.3	3.3.1 (c)	Added "or Inter System Offtake"	Recognises that connections between LDZs are relevant points for the purposes of establishing the CV of gas entering / leaving a system, and therefore adds "Inter-System Offtake" into the clause alongside "System Exit Point".
2-G-NPow218	UNC: Gen Terms	C	3.3	3.3.1 (c) (ii)	Added "or Inter System Offtake"	Recognises that connections between LDZs are relevant points for the purposes of establishing the CV of gas entering / leaving a system, and therefore adds "Inter-System Offtake" into the clause alongside "System Exit Point".
2-G-NPow219	UNC: Gen Terms	C	3.3	3.3.1 (c) (iii)	Added "or Inter System Offtake"	Recognises that connections between LDZs are relevant points for the purposes of establishing the CV of gas entering / leaving a system, and therefore adds "Inter-System Offtake" into the clause alongside "System Exit Point".
2-O-NPow220	UNC: OAD	A	3.1	3.1.5 b (ii)	Changes to take account Condition [A11(18)]	Provides that condition A11(18) Disapproval by the Authority following application by the downstream party shall disapply the requirement to have a Supplemental Agreement for an LDZ/LDZ offtake the existence of which the parties had previously been unaware.
2-O-NPow221	UNC: OAD	A	3.1	3.1.6	Class 3: Classificatory and other changes	Provides that substantive standalone Supplemental Agreements need not be made for the deemed NTS/LDZ offtakes in respect of Scottish Independent Networks.
2-O-NPow222	UNC: OAD	B	1.1	1.1.4	This was former paragraph 3.1.2 now moved to paragraph 1. No reason given	More appropriate placement in context of B 3 Site User's Facilities
2-O-NPow223	UNC: OAD	B	1.3	1.3.1 (b)	Class 3: Classificatory and other changes	Clarificatory change: scope of definition of 'Connection Facilities' clarified - allows that certain facilities not formally part of the Offtake Site may nevertheless be classed as connection facilities
2-O-NPow224	UNC: OAD	B	2.2	2.2.3 (a) 7 (b)	Class 3: Classificatory and other changes	Clarificatory changes: definition of 'affected Party' inserted; relationship between paragraphs 2.2 and 3.4 clarified and introduces reasonableness requirement
2-O-NPow225	UNC: OAD	B	3.4	3.4.1 (a), (b), (c), (d) & (e).	Class 3: Classificatory and other changes	Additions to clarify arrangements for giving notice to the site owner in the event of site user requiring changes to its facilities
2-O-NPow226	UNC: OAD	B	6.2	6.2.1 (a) (b) (c)	Class 3: Classificatory and other changes	Clarifies the rights of access to offtake sites, including such rights being free of charge and exercisable by agents or contractors.
2-O-NPow227	UNC: OAD	C	2.7	2.7.1 & 2.7.2	Class 3: Classificatory and other changes	Acknowledges IDN obligations to Transco NTS during a Network Gas Supply Emergency, including adherence to Transco NTS instructions (as directed by the NEC) and the submission of OPNs
2-O-NPow228	UNC: OAD	D	1.1	1.1.2	Class 3: Classificatory and other changes	Moved to J 1.4 - corrects inappropriate placement in context of section D Measurements
2-O-NPow229	UNC: OAD	D	1.1	1.1.4 (a) & (b)	Class 3: Clarification in relation to determination of daily quantities	Clarification regarding the determination of daily Offtake quantities at CV-Directed Offtakes and other types of Offtake for the purposes of the Code
2-O-NPow230	UNC: OAD	D	5.1	5.1.3	Class 3: Classificatory and other changes	Legal clarity: activates 5.2 and 5.3. Allows for Telemetry readings to be obtained for each hour thus allowing corrections to made on an hourly basis as required for billing purposes
2-O-NPow231	UNC: OAD	F	4.2	4.2.4 (new)	Class 3: Classificatory and other changes	Clarificatory change: Daily CV to be provided pursuant to Offtake Communications Document i.e. subjects daily CV data flows to the provisions of the Offtake Communications Document
2-O-NPow232	UNC: OAD	G	2.1	2.1.1. (a), (b), (c)	Class 3: Classificatory and other changes	Clarificatory changes: Old sub-paragraph (b) incorporated into sub-paragraph (a); reference to 'relevant parts' of a Maintenance Programme deleted; definition of 'Parties' inserted at new sub-paragraph (c).

npower matrix

Index No.	Document	Section	Section - ref	Section - full ref	Response/Issue	NGT response
2-O-NPow233	UNC: OAD	G	2.2	2.2.2	Class 3: Classificatory and other changes	Clarificatory change: Permissive rule inserted allowing DNOs to submit indicative maintenance information before the start of the formal process to facilitate more efficient coordination of Maintenance Programmes with respect to DNOs and Transco NTS
2-O-NPow234	UNC: OAD	G	2.2	2.2.7	Class 3: Classificatory and other changes	Clarificatory change: Permissive rule inserted allowing (but not requiring) consolidated Maintenance Programme to be provided. Also allows for the transfer of information relating to a consolidated Maintenance Programme between Parties where appropriate.
2-O-NPow235	UNC: OAD	G	3.5	3.5.2	Class 3: Classificatory and other changes	Recognises that revised Offtake Parameter Values may need to be agreed in the event of urgent maintenance and requires the parties to take all reasonable steps to agree such revised values
2-O-NPow236	UNC: OAD	I	6.2	6.2.1	Class 5: Moved from TPD Section C1.1.7	Enables data access based on demonstrable business need
2-O-NPow237	UNC: OAD	J	1.4	1.4.1 & 1.4.2 & 1.4.3	Class 3: Further provisions on Bi-directional LDZ Offtakes inserted	Moved from D 1.1.2. Text added to clarify treatment of OPNs at bi-directional LDZ (to LDZ) offtakes
2-O-NPow238	UNC: OAD	N	2.2	2.2.2 (c) (i) & (ii)	Class 3: Classificatory and other changes	Recognises that in relation to an offtake, a party may be the upstream party in one participation capacity under the OAD, and downstream party in another participation capacity under the OAD, and specifies appropriate record-keeping obligations
2-O-NPow239	UNC: OAD	N	8.2	8.2.1, 8.2.2 & 8.2.3	Class 3: Classificatory and other changes	Simplifies provisions relating to appointment of Chairman of Offtake Committee, allowing flexibility in nomination of the Chairman of Offtake Committee
2-O-NPow240	UNC: OAD	N	9	9	Class 5: Moved to GT Section B6.1 (general assignment provisions)	Assignment provisions in GT (B 6.1) apply to the UNC as a whole.
2-O-NPow241	UNC: OAD	N	8.6	8.6.1	Class 3: Classificatory and other changes	Permits use of sub-committees of the offtake committee, thus enabling flexibility for greater efficiency in governance
2-T-NPow242	UNC: TPD	A	1.2	1.2.3	Additional Licence definition	Clarification regarding which is the relevant Gas Transporter's Licence for the purposes of paragraph 1.2.2(b)(ii)
2-T-NPow243	UNC: TPD	A	1.2	1.2.4	Amplification of LDZ definition, unclear why needed	Clarification regarding area in which an LDZ is situated; required in reference to an 'Exit Zone' (as in A1.3.2)
2-T-NPow244	UNC: TPD	A	3.5	3.5.3	Removal of NTS/LDZ Offtake definition	NTS/LDZ offtake definition has been removed and inserted into OAD (section A): such offtakes do not constitute a System Exit Point as no gas is exiting the system
2-T-NPow245	UNC: TPD	A	3.5	3.5.4	Removal of LDZ/LDZ Offtake definition	See 2-T-NPow244 above
2-T-NPow246	UNC: TPD	C	1.1	1.1.7	Removal of requirement to provide nomination information	Provision has been removed and inserted into OAD
2-T-NPow247	UNC: TPD	G	1.15	1.15.2.d	Changes to Payment of Capacity charges.	Clarification as to which Transporter will receive which of the constituent charges making up the IFA Charge
2-T-NPow248	UNC: TPD	G	6.1	6.1.4.c.ii	Changes to Change of Status Dates looks like tidying up of wording.	Clarifies wording, no change in definition
2-T-NPow249	UNC: TPD	I	3.7	3.7.7.b	Changes to handling of Capacity Shortfall	Clarification and reworking of text in view of erroneous reference to 'paragraph 2.7.8' (which should have been deleted by earlier modification)
2-T-NPow250	UNC: TPD	J	1.3	1.3.3.d	Changes to methods of calculating Shipper's proportion of gas as a result of Inter LDZ offtakes	Clarification regarding calculation of User's usage of gas flows at an Inter-System Offtake on a Day, ie to be determined by reference to User's UDQOs for the relevant LDZ.
2-T-NPow251	UNC: TPD	J	3.3	3.3.7	Changes to how the DNOs will operate their system	Clarifies NTS assumptions with respect to the operation of the downstream system by the relevant Transporters.
2-T-NPow252	UNC: TPD	J	4.5	4.5.2	New rule of the Offtake Profile Notice	This change represents a restatement of what was originally included in 4.5.1 but which now has been defined in a separate clause to provide greater clarity in respect of the cross-references from other clauses
2-T-NPow253	UNC: TPD	J	7.3	7.3.1.a,b,& c	Changes to NTS/LDZ Offtake rules	The drafting reflects the fact that, where a DN requests access to additional short-term flexibility that would otherwise not be available under the prevailing Network Exit Provisions, and such flexibility is granted by NTS, the Offtake (Flexibility) Capacity holding will be increased such that no overrun will result, provided that the Offtake profile is consistent with the request
2-T-NPow254	UNC: TPD	M	5.2	5.2.6	Removal of obligation of Transporter to pay harges referred to in M5.2.2	See 2-T-NPow298 below
2-T-NPow255	UNC: TPD	U	2.8		Added "Network"	Corrects typographical omissions thereby clarifying that this reference relates to Transco's (short form) Network Code (see GT B1.2.2)
2-T-NPow256	UNC: TPD	U	3.1.	3.1.1.	Deleted "Agreement" replaced with "Provisions"	Correct typographical error thereby ensuring consistency with the rest of the UNC
2-T-NPow257	UNC: TPD	Annex U-1	2.2	(a) (iii)	Added "and"	Corrects typographical omission
2-T-NPow258	UNC: TPD	Annex U-1	2.2	(e) (ii)	Deleted "and"	Corrects typographical error
2-T-NPow259	UNC: TPD	V	1.1	1.1.2	Added "relevant Shipper"	Clarification as to which Shipper contractual relationship an Ancillary Agreement relates
2-T-NPow260	UNC: TPD	V	1.2	1.2.2 (a)	Deleted "Total System" Added "NTS"	Clarification that in relation to a Non-Code Transportation Arrangement relating to the NTS, the NTS will be treated as a User of the NTS
2-T-NPow261	UNC: TPD	V	1.2	1.2.2 (a)	Added "(and where such arrangements related to the offtake of gas from an LDZ, then so far as relevant, the relevant DN Operator is treated as a User of the LDZ)"	Clarification that in relation to a Non-Code Transportation Arrangement relating to an LDZ the relevant DN Operator will be treated as a User of the LDZ (as Transco is in relation to the NTS for the same purposes)
2-T-NPow262	UNC: TPD	V	2.1	2.1.1	Added "Shipper" to define "Shipper User" Added "in relation to a System"	Clarification to drafting to make clear a User is a User 'of a System' and therefore application is to become a User 'of a System'
2-T-NPow263	UNC: TPD	V	2.1	2.1.1 (b)	Added "Shipper" to define "Shipper Framework Agreement"	Added to clarify. 2.1 relates to Shipper User admission only.
2-T-NPow264	UNC: TPD	V	2.1	2.1..2 (a)	Deleted "Transporter" Added "Transporters"	Clarification that Transporters collectively will from time to time prescribe precise form of application to be completed by Applicant User
2-T-NPow265	UNC: TPD	V	2.1	2.1.2 (a) (v)	Deleted whole sub-section (v)	Redundant since 2.1 relates to Shipper User admission only.
2-T-NPow266	UNC: TPD	V	2.1	2.1.2 (b)	Deleted whole sub-section	Redundant owing to restructuring of paragraph
2-T-NPow267	UNC: TPD	V	2.1	2.1.2 (c)	Deleted "applicatin to accede to the Framework Agreement in relation to a DN Operator's Code" Added "LDZ of which Transco is not the owner or operator"	Refers to LDZs rather than to a DN Operators Network Code (analogous to V2.1.2(h))
2-T-NPow268	UNC: TPD	V	2.1	2.1.2 (c)	Deleted whole sub-section	Superfluous as a of consequence of addition to 2-T-NPow271
2-T-NPow269	UNC: TPD	V	2.1	2.1.2 (f)	Deleted "Transporter" Added "Transporters"	Clarification that Transporters collectively will make copies of the Code available to Applicant Users
2-T-NPow270	UNC: TPD	V	2.1	2.1.2 (f)	Added "Shippers"	Section relates to admission of a shipper User and therefore the rule only applies to the Shipper Framework agreement

npower matrix

Index No.	Document	Section	Section - ref	Section - full ref	Response/Issue	NGT response
2-T-NPow271	UNC: TPD	V	2.1	2.1.2 (h)	Deleted "where the Applicant User is applying to become a Shipper User under Transco NTS's Code" Added "in relation to the NTS"	Refers to NTS rather than to Transco NTS's Network Code (analogous to 2-T-NPow267)
2-T-NPow272	UNC: TPD	V	2.1	2.1.3	Added "Shipper" to define "Shipper Framework Agreement"	as 2-T-NPow269
2-T-NPow273	UNC: TPD	V	2.1	2.1.4	Added "Shipper" to define "Shipper Framework Agreement"	as 2-T-NPow269
2-T-NPow274	UNC: TPD	V	2.1	2.1.5	Deleted whole sub-section	Redundant since 2.1 relates to Shipper User admission only. See GT B 2.2.1 (b) and OAD N.4
2-T-NPow275	UNC: TPD	V	2.4		Deleted "Transporter" Added "Transporters"	Removal of specific requirements regarding Applicant wishing to become a DNO User only, now addressed in OAD Section N4 so no need to duplicate process in TPD. This decision could not rest with a single transporter and hence it's acknowledged that such a decision would have to be agreed by all transporters
2-T-NPow276	UNC: TPD	V	2.5	2.5.1	Deleted "under Transco NTS's Code" Added "in relation to the NTS"	as 2-T-NPow271
2-T-NPow277	UNC: TPD	V	3.1	3.1.5 (b)	Added whole section "Transco NTS and Transco as a DN Operator shall be construed as a reference to a single Transporter"	Clarification that in context of Code Credit Rules provisions Transco NTS and Transco as a DN Operator treated as a single Transporter
2-T-NPow278	UNC: TPD	V	3.3	3.3.2 (b)	Deleted "under Transco NTS's Code" Added "in relation to the NTS"	as 2-T-NPow271
2-T-NPow279	UNC: TPD	V	4.1	4.1.1	Added "of or in relation to a System"	Phrase inserted to allow discontinuance from individual Systems to be contemplated
2-T-NPow280	UNC: TPD	V	4.1	4.1.6 (b)	Added whole section "Transco NTS and Transco as a DN Operator shall be construed as a reference to a single Transporter"	as 2-T-NPow277
2-T-NPow281	UNC: TPD	V	4.2	4.2.1	Added "of or in relation to a System"	as 2-T-NPow279
2-T-NPow282	UNC: TPD	V	4.2	4.2.2 (d)	Added "Network" to define "Transco NTS's Network Code"	Corrects typographical omission, thereby clarifying that this reference relates to Transco's (short form) Network Code (see GT B1.2.2)
2-T-NPow283	UNC: TPD	V	4.2	4.2.2 (g)	Deleted existing sub-section Added "and a User may not cease to be a User of the NTS until the User ceases to be a User of each LDZ"	Clarification to drafting as a User is a User 'of a System', consistent with approach in TPD Section V2.1.1 and clarification that User cannot cease to be a User of the NTS until it ceases also to a User of any other System
2-T-NPow284	UNC: TPD	V	4.3	4.3.3	Added "of or in relation to a System(s)"	as 2-T-NPow279
2-T-NPow285	UNC: TPD	V	4.3	4.3.6	Added "of its System(s)"	Clarification to drafting as a User is a User 'of a System', consistent with approach in TPD Section V2.1.
2-T-NPow286	UNC: TPD	V	4.3	4.3.11	Deleted "under Transco NTS's Code"	as 2-T-NPow271
2-T-NPow287	UNC: TPD	V	4.3	4.3.11 (a)	Deleted "for the purposes of the Transporter's Code" Added "of its System(s)"	Clarification to drafting as a User is a User 'of a System', consistent with approach in TPD Section V2.1.
2-T-NPow288	UNC: TPD	V	4.3	4.3.11 (b)	Added "of its System(s)"	Clarification to drafting as a User is a User 'of a System', consistent with approach in TPD Section V2.1.
2-T-NPow289	UNC: TPD	V	5.5	5.5.2 (h)	Deleted "to the extent that the Disclosing Party is expressly permitted or required to disclose that information to the Transporter Agency to the extent required." Added "to the Transporter Agency to the extent such disclosure is necessary"	Clarifies that Protected Information may be passed to xoserve for the purposes of carrying Transporter agency activities as defined in V6.5
2-T-NPow290	UNC: TPD	V	5.5	5.5.3 (l)	Added "or agent"; Added "with the Transporter on terms"	Rewording requirement regarding disclosure of Protected Information to Transporter contractors and agents; consistent with drafting in OAD Section N6.4 i.e. ensures that the "confidentiality contractual chain" is maintained if Protected Information is passed to a contractor.
2-T-NPow291	UNC: TPD	V	6.5	6.5.2 (a) (iv)	Deleted "in respect of a Gas Year" Added "in respect of a Gas Year and daily demand forecasting"	Clarification and added detail on the description of the various Transporter Agency Activities i.e. now includes daily demand activities, consistent with Option C agency model
2-T-NPow292	UNC: TPD	V	6.5	6.5.2 (b) (ii)	Deleted "the measurement of the gas flows at NexA Supply Meter Points and Connected System Exit Points" Added "the receiving and processing data to enable quantities of gas to be allocated to Users at NexA Supply Meter Points and Connected System Exit Points"	Clarification regarding the work that xoserve will undertake: it does not measure gas quantities but processes measurement data passed to it by the respective parties
2-T-NPow293	UNC: TPD	V	6.5	6.5.7	Added whole section.	Addition of provision to allow Transporters to appoint an agent for Code purposes, being purposes other than in relation to Transporter Agency Activities i.e. allows transporters to use third parties to undertake other UNC obligations other than those defined in 6.5. This is the set up process for advising shippers
2-T-NPow294	UNC: TPD	V	6.5.	6.5.8	Added whole section.	Addition of provision requiring Transporter to notify Users of the appointment of an agent under paragraph 6.5.7; this is the termination obligations link to the set up above in V 6.5.7
2-T-NPow295	UNC: TPD	V	7.1	7.1.2	Deleted "in the case of a DN Operator's Code" Added "in relation to an LDZ"	Clarifications regarding Transporter User Capacities in relation to specifically the NTS and LDZs and also to any System
2-T-NPow296	UNC: TPD	V	7.1	7.1.2. (c)	Deleted "in the case of each Transporter's Code" Added "in relation to any System"	Clarifications regarding Transporter User Capacities in relation to specifically the NTS and LDZs and also to any System
2-T-NPow297	UNC: TPD	V	8.2	8.2.5	Deleted "Jointly" Added "Collectively"	Wording is now consistent with UNC-GT Section B2.1.2(a)
2-T-NPow298	UNC: TPD	V	10.3	10.3.6	Added whole section	This provision requires that, where a liability falls on the the Transporters jointly, and is payable to a User, each Transporter shall advise of the amount being compensated wghchg it (the Transporter) will pay
