Utility Grid Installations Ltd, Shippers and other parties.

Dear Colleague,

Modification Proposal UGI10: Sections J, O & T, Change reference from Director to Gas and Electricity Markets Authority.

Ofgem has considered the issues arising from the above detailed modification proposal and has decided to direct Utility Grid Installations Ltd (UGI) to implement the modification proposal, as we believe that it will better facilitate the relevant objectives of UGI's network code, as set out in standard condition 9 of its GT Licence.

The modification proposal

This modification proposal seeks to delete all references to the 'Director' and replace them with 'Gas and Electricity Markets Authority'. This reflects changes consequential to the implementation of the Utilities Act in October 2001.

Respondent's views

UGI received two responses in relation to this modification proposal. Both respondents offer full support for the implementation of the proposal.

UGI's views

UGI support the implementation of this modification proposal as it will ensure that sections J, O and T contain the correct references.

Ofgem's views

Ofgem supports modification proposals which provide greater clarity and accuracy. As such, we support the implementation of this modification proposal.

Ofgem's decision

Having considered the issues arising from this modification proposal Ofgem has decided to direct UG I to implement the modification proposal as we believe that it will better facilitate the relevant objectives of the UGI network code as defined in the UGI GT Licence.

If you have any queries regarding this letter please contact Samantha McEwen on 020 7901 7032.

Yours sincerely
