Dear Indra,

**Proposal to modify Standard Special licence conditions A4, A5 and D11 of the Gas Transporter licence**

I am writing further to the above consultation that sets out Ofgem's Proposals to modify the Gas Transportation Licence to :

1. Allow DNs to update distribution charges twice a year on 1 April and 1 October, or at any other time as directed by the Authority; and
2. Reduce the notice period for indicative charges that DNs are required to give the Authority of a change in the level of distribution charges from 150 days to three months.

Wales & West Utilities have no objection to the implementation of these proposals.

Yours sincerely,

Sarah Williams
