Dear Richard

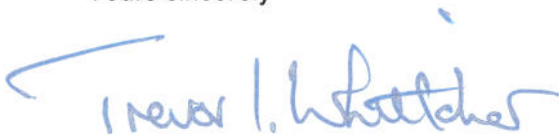

Offshore Electricity Transmission: Competitive Tender Process

I am pleased to forward John Laing's response to the above consultation process.

This is a valuable opportunity to provide much needed investment in renewable energy, a sector which is increasingly becoming a key area of John Laing's business. We continue to be interested in bidding the projects and look forward to additional clarification about the scheme.

We would welcome the opportunity to contribute further; please do not hesitate to contact me if you require any additional information.

Yours sincerely

Trevor Whittaker
Bid Director
