

Agenda: Smarter Markets Strategy – Briefing Event

Agenda for the the briefing event on Ofgem’s consultation document on promoting smarter energy markets.

From	Ofgem
To	Stakeholders
Date	10 February 2012

Objective

Ofgem is working to develop a strategy for shaping market development from the platform of smart metering. In December last year, we published a [consultation document](#) seeking views on the scope of this work. The deadline for responses is Wednesday 7 March.

On Tuesday 14 February, Ofgem is holding a briefing event on the strategy consultation from 10.00 to 12.30 at Broadway House, Tothill Street, London, SW1H 9NQ. The first half of the event will provide an opportunity to consider the propositions and key issues put forward in the document. We will then hold discussions in smaller groups on potential next steps.

Agenda

- 1. 10.00 – 10.10** Introduction
- 2. 10.10 – 11.15** Ofgem presentation on consultation document, followed by Q&A
- 3. 11.15 – 12.25** Breakout discussion on next steps:
 - What should lie within scope of a work programme for promoting smarter markets?
 - How should we prioritise the reform areas?
 - Who is best placed to take forward work to develop reform proposals?
 - How might we coordinate across the work programme?
- 4. 12.25 – 12.30** Wrap up
