

Current Industry Data

Dictionary Killers

UK regions have no visibility of local area embedded supply vs consumption.....

....Understanding of their local circumstances

Smart Meter Data

Local Embedded
Generation Data

Weather Data

Dictionary Killers
Equation

Hourly
Local to
National
Ratio

....Benefits

- Provide data for local council decision making and grant applications
- Informs consumers to utilise local cheaper green energy e.g. Charging and unloading EV

....Drives de-centralisation

What we need

An iceberg floating in the ocean. The tip of the iceberg is visible above the water surface, while the much larger, jagged base is submerged below the surface. This visual metaphor represents the concept of seeing only a small part of a much larger, more complex problem.

- 30 minute smart meter data from ElectraLink Consumption/Readings Data
- Discrepancies between ElectraLink Data – needs cleaning up
